## **Bed Bug Canine Inspection Preparation Guidelines**

**Kindly adhere to the following guidelines in order to ensure the proper testing environment:**

- Any pets will need to be relocated to an area not being searched, such as the bathroom.
- All toys, pet food and water must be inaccessible to the bed bug canine (BBC).
- Noise and human distraction must be minimized to create the most effective search environment.
- All windows should be closed three (3) hours prior to inspection.
- All fans, heaters or air conditioners must be turned off at least 30 minutes prior to the arrival of the handler and the BBC.
- Extinguish all smoking materials at least (2) hours prior to inspection.
- No cooking at least 1 hour prior to the inspection. There should be no food on the floor.
- Dressers and closets should be left open.
- Reduction of clutter is also helpful.
- All bed linens, comforters, etc are to be off the floor and on the bed.
- Please do not spray perfumes or aerosol sprays on the day of the inspection. Remove all potpourri, scented oil and scented candles.
